Gerardo Adrian Rodriguez Dominguez

has successfully completed the online Professional Certificate

Preparing for Google Cloud Certification: Cloud Architect

In this seven-course accelerated Professional Certificate, learners explored and deployed solution elements, including infrastructure components such as networks, systems and applications services using Google Cloud Platform. Learners integrated prior technical skills into practical skills for the job role of a Cloud Architect.

Google Cloud Training

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
